

Thanks.

This print was taken by and and then printed and handmade to order for you in London, on Hahnemühle Photo Rag. It left the studio within days of the order. I hope you enjoy it as much as I do.

Living with it

Keep it out of direct sun.

Dry over damp is better

Dust the frame with a soft, dry cloth.

Handle the sheet by its edges.

If it goes into storage, keep it flat and cool.

If it goes on a wall

Shoot me a photo. I like seeing where these end up, and will sometimes share them: dylan@dylandibona.com
